Application for such license renewal shall be made to the City Clerk and shall be accompanied by a specified license fee, which annual license fee shall be in such amount as set forth by ordinance. 5-1A-6: **NUISANCE DOGS AND CATS**

- A. Obligation to Prevent Nuisances: It shall be the obligation and responsibility of the owner or custodian of any animal in the city, whether permanently or temporarily therein, to prevent such animal from committing any act which constitutes a nuisance. Failure on the part of the owner or custodian to prevent his or her animals from committing an act of nuisance shall be subject to the penalty herein provided.
- B. Control of Animal: No restriction imposed by Section 5-1A-6 of this article shall prohibit the appearance of any dog or cat upon streets or public property when such dog or cat is on a leash and accompanied by an individual or accompanied by and under the control and direction of an individual so as to be effectively restrained by command as by leash. Dogs or cats that are in city parks, open space areas, nature preserves, or are on or directly adjacent to athletic fields must be leashed. Owners are required to clean up and dispose of their pet's excrement.
- C. Muzzling Proclamation: Whenever the prevalence of rabies renders such action necessary to protect the public health and safety, the Mayor shall issue a proclamation ordering every person owning or keeping a dog to muzzle it securely so that it cannot bite. No person shall violate such proclamation, and any unmuzzled dog unrestrained during the time fixed in the proclamation shall be subject to impoundment as heretofore provided, shall be considered a nuisance, and the owner of such dog shall be subject to the penalty hereinafter provided.
- D. Nuisances Prohibited: No dog or cat shall be permitted to be a nuisance within the limits of the city. Any person, who owns, keeps, harbors or is in physical control of a dog or cat that is a nuisance shall be in violation of this article.
- E. Abatement of Nuisance Conditions:
 - 1. Nuisances Subject to Abatement: The following are declared nuisances subject to immediate abatement by resolution of the City Council:

- a. Any dog/cat that has, without provocation, inflicted “substantial bodily harm” as defined by Minnesota State Statute; or
 - b. Any dog/cat that has engaged in conduct resulting in three (3) or more established violations of this article for nuisance. An “established violation” is any violation for nuisance declared as “established” by the City Council, or which results in conviction in a court of competent jurisdiction; or
 - c. Any established violation of this article for nuisance preceded by a declaration by the City Council, based upon prior incident, that the dog/cat is a “dangerous dog/cat” as defined by this article.
2. Placement On Council Agenda: Upon determination by the City Clerk of the existence of a nuisance subject to abatement as set forth above, the City Clerk shall place the matter on the agenda for the next regular meeting of the City Council for public hearing and abatement consideration. Notice of the hearing and a copy of this article shall be provided to the owners of the dogs/cats by regular mail not later than seven (7) days prior to the hearing. The City Clerk may also notify other concerned or interested parties.
3. Hearing For Abatement: Upon application and notice set forth above, a public hearing shall be held before the City Council. The owners shall have the opportunity to be heard and present relevant witnesses and evidence. The City Council may also accept relevant testimony or evidence from other interested persons.
4. Decisions By City Council: The City Council may, in its discretion, approve or disapprove the application for abatement. If approved, the City Council may order any of the following:
 - a. The dog/cat be forthwith confiscated and destroyed in a proper and humane manner, and the costs incurred in confiscating, confining and destroying the animal paid by the owner. Any costs unpaid after thirty-(30) days of the order shall be assessed against the owner's property.
 - b. The dog/cat shall be removed permanently from the city limits within forty-eight (48) hours of notice of the order. The dog

license shall be permanently revoked.

- c. Should the owner fail to comply with the order to abate, the city, in addition to any other legal remedy, shall have the civil remedy of injunctive relief and may apply to a court of competent jurisdiction for an order compelling compliance with the abatement order

F. **Summary Destruction of Certain Dogs:** Whenever an officer has reasonable cause to believe that a particular dog presents a clear and immediate danger to residents of the city because it is infected with rabies (hydrophobia) or because of a clearly demonstrated vicious nature, the officer, after making reasonable attempts to impound such dog, may summarily destroy said dog.

5-1A-7: **POTENTIALLY DANGEROUS DOGS AND CATS:** In the event that a complaint is received which, in the judgment of the City Clerk, Sheriff's Deputy, animal control officer, or other duly authorized person, occurred under circumstances which would justify the classification of the dog/cat as potentially dangerous under this article, the City Clerk shall notify the owner of the dog/cat, in writing, that the dog/cat has been classified as potentially dangerous under this article. Said notice shall further inform the owner that should the dog/cat again aggressively bite, attack, or otherwise endanger the safety of humans or domestic animals, the city may declare the dog/cat to be a dangerous dog/cat and be subject to the restrictions thereon, including abatement. Said authorization shall forward a copy of the notice of potentially dangerous dog/cat to the City Clerk.

5-1A-8: **DANGEROUS DOGS AND CATS:** In the event that a complaint is received which, in the judgment of the City Clerk, occurred under circumstances which would justify the classification of the dog/cat as a dangerous dog/cat under this article, the City Clerk shall place the issue on the next available agenda of the City Council and shall notify the owner of the dog/cat, in writing, of the time and place of the Council meeting at which the matter shall be heard. The notice shall inform the owner that a request has been made to classify the dog/cat as a dangerous dog/cat and the City Council shall hear such facts as any interested parties may wish to present, and shall, by resolution, determine whether or not to classify the dog/cat as a dangerous dog/cat. Such a determination shall be made upon the basis of whether or not the criteria as found in Section 5-1A-1 of this article, definition of the term "dangerous dog/cat", have been met. No variances shall be permitted from the strict terms of said definition. In the event a dog/cat is classified as a dangerous dog/cat, the following shall apply:

- A. The owner of the dog/cat shall be notified in writing and by certified mail or personal service, that the dog/cat has been classified as a dangerous dog/cat and shall be furnished with a copy of the resolution.

- B. If the dog/cat was impounded and photographs or other identifying characteristics obtained, such photographs or other identifying materials shall be placed in a permanent file indexed under the owner's name. If the dog/cat is not impounded, the owner shall be notified that the dog/cat license shall be revoked unless, within ten (10) days after receipt of the notice, the owner furnishes to the city suitable photographs or other identifying materials of the dog/cat, or makes the dog/cat available for the taking of photographs by city staff for insertion in the permanent files.
- C. The City Clerk shall maintain a permanent file of all dogs/cats classified as dangerous dogs/cats indexed under the owner's name.
- D. No person may own a dangerous dog/cat in the city unless the owner complies with this section. The animal control authority of the city may charge the owner an annual fee, in addition to any regular dog/cat licensing fees, to obtain a certificate of registration for a dangerous dog/cat under this section. A dangerous dog/cat registered under this section must have a standardized, easily identifiable tag identifying the dog/cat as dangerous and containing the uniform dangerous dog symbol, affixed to the dog/cat's collar at all times. The owner of the dangerous dog/cat must comply with the following provisions and present sufficient evidence of compliance with them:
1. A proper enclosure exists for the dangerous dog/cat and a posting on the premises with a clearly visible warning sign that there is a dangerous dog/cat on the property, including a warning symbol to inform children; and
 2. A surety bond issued by a surety company authorized to conduct business in the State of Minnesota in a form acceptable by the city in the sum of at least three hundred thousand dollars (\$300,000.00) payable to any person injured by the dangerous dog/cat, or a policy of liability insurance issued by an insurance company authorized to conduct business in the State of Minnesota in the amount of at least three hundred thousand dollars (\$300,000.00), insuring the owner of any personal injuries inflicted by the dangerous dog/cat.
 3. The owner has paid an annual fee, in addition to any regular dog/cat licensing fees, to obtain a certificate of registration from the city for a dangerous dog/cat.

4. The owner has had microchip identification implanted in the dangerous dog/cat as required under Minnesota Statutes Section 347.515.
5. The owner of a dangerous dog/cat shall keep the dangerous dog/cat, while on the owner's property, in a proper enclosure. If the dog/cat is outside the proper enclosure, the dog/cat must be muzzled and restrained by a substantial chain or leash and under the physical restraint of a responsible individual. The muzzle must be made in a manner that will prevent the dog/cat from biting any person or animal but that will not cause injury to the dog/cat or interfere with its vision or respiration.
6. The animal control authority for the city shall immediately seize any dangerous dog/cat if: 1) after fourteen (14) days after the owner has been notified that the dog/cat has been declared a dangerous dog/cat, the dog/cat is not validly registered as set forth herein; 2) after fourteen (14) days after the owner has been notified that the dog/cat has been declared a dangerous dog/cat, the owner does not secure the proper liability insurance or surety coverage as applied by this article; 3) the dog/cat is not maintained in the proper enclosure; 4) the dog/cat is outside the proper enclosure and not under physical restraint of a responsible individual; 5) the dog is not sterilized within 30 days, pursuant to city code section 5-1A-11 A 4.j. If the owner of a dog/cat is convicted of a crime for which the dog/cat was originally seized, they may order that the dog/cat be confiscated and destroyed in a proper and humane manner, and that the owner pay the costs incurred in confiscating, confining, and destroying the dog/cat.
7. If the animal control authority for the city issues a certificate of registration to the owner of a dangerous dog/cat, the animal control authority requires posting of the owner's property with a warning symbol to inform children that there is a dangerous dog/cat on the property. The warning symbol must be the uniform symbol provided by the commissioner of public safety. The animal control authority for the city may charge the registrant a reasonable fee to cover its administrative costs and the cost of the warning symbol.

8. An owner of a dangerous dog/cat must renew the registration of the dangerous dog/cat annually until the dog/cat is deceased. If the dog/cat is removed from the city, it must be registered as a dangerous dog/cat in its new jurisdiction.
 9. An owner of a dangerous dog/cat must notify the animal control authority of the city in writing of the death of the dog/cat or its transfer to a new location where the dog/cat will reside within 30 days of the death or transfer, and must, if requested by the animal control authority, execute an affidavit under oath setting forth either the circumstances of the dog/cat's death or disposition or the complete name, address, and telephone number of the person to whom the dog/cat has been transferred or the address where the dog/cat has been relocated.
 10. The animal control authority of the city shall require a dangerous dog/cat to be sterilized at the owner's expense. If the owner does not have the animal sterilized within 30 days, the animal control authority may seize the dog/cat and have it sterilized at the owner's expense.
 11. A person who owns a dangerous dog/cat and who rents property from another where the dog/cat will reside must disclose to the property owner prior to entering the lease agreement and at the time of any lease renewal that the person owns a dangerous dog/cat that will reside at the property.
 12. A person who transfers ownership of a dangerous dog/cat must notify the new owner that the animal control authority has identified the dog/cat as dangerous. The current owner must also notify the animal control authority in writing of the transfer of ownership and provide the animal control authority with the new owner's name, address and telephone number.
- E. All provisions of Minnesota State Statute Sections 347.54, 347.541, 347.542, 347.55, 347.56, and 347.565 are hereby adopted into this Code by reference. These particular sections deal with seizure, disposition of seized animals, restrictions on dog ownership, penalties, and destruction of dogs in certain circumstances.
- F. The following are exceptions to the dangerous dog/cat classification:

1. The provisions of this section do not apply to dangerous dogs/cats used by law enforcement officials for official work.

2. Dogs/cats may not be declared dangerous if the threat, injury, or damage was sustained by a person: 1) who was committing a willful trespass or other tort upon the premises occupied by the owner of the dog/cat; 2) who was provoking, tormenting, abusing or assaulting the dog/cat or who can be shown to have repeatedly, in the past, provoked, tormented, abused, or assaulted the dog/cat; or 3) who was committing or attempting to commit a crime.

G. Nothing in this chapter, nor the enactment of any other procedures herein enumerated, shall be deemed to limit, alter, or impair the right of the city or any person to seek enforcement through criminal prosecution of any violation of this article, and the fact the city may be pursuing classification of a dog/cat under this article shall prevent or prohibit the prosecution at the same time of an owner of a dog/cat for violation of this chapter under facts arising from the same occurrence as that which generated classification procedures. The classification procedures shall be in addition to, and not in place of, criminal prosecution under other portions of this chapter or other ordinances.

5-1A-9: **IMPOUNDMENT AND REDEMPTION PROVISIONS:**

A. Impoundment Of Dogs And Cats:

1. Unrestrained Dogs And Cats: Unrestrained dogs and cats may be taken by any "officer" as hereinbefore defined and impounded in an animal shelter and there confined in a humane manner. Impounded dogs and cats shall be kept for not less than five (5) regular business days unless reclaimed prior to that time by their owner as provided hereafter.

2. Dangerous Dogs And Cats:

a. Whenever any owner of a dog/cat shall learn that such dog/cat has bitten, attacked, or threatened any other human being or domestic animal, such owner shall immediately impound said dog/cat in a place of confinement where it cannot escape or have access to any other human being or animal, and it shall also immediately notify any peace officer, dog/cat catcher, or other person authorized by the City Council. Whenever such authorized person, peace officer or dog/cat catcher shall learn that any human being has been bitten by any dog/cat within the city, he/she shall ascertain the identity of such dog/cat and the persons who might meet the definition of owner as found elsewhere in this article, and shall immediately direct such person to forthwith impound such dog/cat as required herein. If in the opinion of such peace officer, dog/cat catcher, or

other authorized person, the owner of such a dog/cat cannot or will not so impound the dog/cat, such peace officer, dog/cat catcher, or other authorized person shall transport such dog/cat to the pound under contract to the city. Any dog/cat so impounded shall be kept continuously confined for a period of fourteen (14) days from the day the dog/cat bit a human being. The cost of such impounding and confinement shall be borne by the owner of the dog/cat, if such owner can be found, which costs shall be as stated for impounding and confinement elsewhere in this article.

b. Upon learning that a dog/cat has bitten a human being, the peace officer, dog/cat catcher, or other authorized person shall immediately notify the City Health Officer and inform him/her of the place where the dog/cat is impounded. It shall be the duty of the City Health Officer to inspect said dog/cat from time to time during its period of fourteen (14) days' confinement, and to determine whether or not such dog/cat may be infected with rabies. For this purpose, he/she shall have access to the premises where such dog/cat is kept at all reasonable hours, and may take possession of the dog/cat and confine it at such place as he/she deems appropriate at the expense of the owner.

c. If an owner has impounded a dog/cat pursuant to the request of a peace officer, dog/cat catcher, or other authorized person, the owner shall promptly transport said dog/cat to the pound under contract to the city for the purposes stated above. If the owner refuses to do so, and refuses to allow a peace officer, dog/cat catcher or other authorized person to transport the dog/cat to the contract pound, the owner shall be in violation of this article.

B. Notice Of Impoundment:

1. Posted Notice: Upon taking up and impounding any dog or cat, the animal control officer shall, within one day thereafter, have posted in the City Hall a notice of impounding in substantially the following form:

2. Written Notice: If the owner of said dog or cat be known, written notice of impounding, in lieu of posted notice, shall be given to the owner thereof either by mail or personal service.
 3. Effect Of Notices: The date of sale or humane destruction of the dog or cat shall be the sixth day after posting of the notice or giving notice unless the animal shelter at which the dog or cat is impounded is closed to the public, in which case, it shall be the following day.
- C. Redemption Of Impounded Dogs And Cats: Any dog or cat may be reclaimed from the animal shelter by its owner within the time specified in the notice by the payment to the City Clerk or his/her designate of the license fee (if not paid for the current period) with an impounding fee as set by contract with the city's animal control officer. Notwithstanding this subsection, the owner shall remain subject to all penalties contained in this article.
- D. Disposition Of Unclaimed Dogs And Cats:
1. Sale: Any dog or cat which is not claimed as provided in Subsection B of this section, within five (5) days, after posting of the impoundment notice, may be sold for not less than the expenses incurred for impoundment, if not requested by a licensed educational or scientific institution under Minnesota state law. All sums received from the sale of dogs or cats under this subsection shall be deposited into the general fund of the city.
 2. Destruction: Any dog or cat which is not claimed by the owner or sold or transferred to a licensed educational or scientific institution shall be painlessly and humanely destroyed and buried by the animal control officer.

5-11-1:	Purpose
5-11-2:	Definitions
5-11-3:	Prohibited Activity
5-11-4:	Violation/Penalty
5-11-5:	Severability

5-11-1: PURPOSE:

The City has an interest in the protection of residential privacy, the wellbeing and tranquility of the home, and protecting citizens from unwanted speech when they are a captive audience within their homes. The City Council finds that, without resorting to targeted residential picketing, ample opportunities exist for those otherwise engaged in targeted residential picketing to exercise constitutionally protected freedoms of speech and expression.

5-11-2: DEFINITIONS:

For the purpose of this Chapter, the term “targeted residential picketing” means:

1. Marching, standing or patrolling by one or more persons directed solely at a particular residential building in a manner that adversely affects the safety, security, or privacy of an occupant of the building; or
2. Marching, standing or patrolling by one or more persons which prevents an occupant of a residential building from gaining access to or exiting from the property on which the residential building is located; or
3. Standing, marching, patrolling or picketing by one or more persons focused in front of or adjacent to a particular residential dwelling without the consent of that dwelling’s occupant or occupants.

5-11-3: PROHIBITED ACTIVITY:

No person shall engage in targeted residential picketing within the City.

5-11-4: VIOLATION/PENALTY:

Every person convicted of a violation of any provision of this Chapter shall be guilty of a misdemeanor.

5-11-5: SEVERABILITY:

Should any section, clause or other provision of this Chapter be held to be invalid by any court of competent jurisdiction, such decision shall not affect the validity of the Chapter as a whole, or of any part thereof, other than the part held to be invalid.
